# Props & Set Creation Showcase

from most recent

## Hourglass - Short Film

Hourglass Creation & Miniature Puppeteering

## Jada Weazel - Music Video Series

Candelabra coated in heavy, melted wax

## Worm - Short Film

Reconstructed and decorated a foam set into a spaceship medical bay

Created a fake brain with a pulsating parasitic lump

Production design and set dress

Echo & Bloom - D(us)t Official Music Video  
Colour changing clouds

Jade Alice - Honey Music Video (unreleased)  
Modified two teddy bears into puppets and puppeteered them as the main characters of the story  
Production designer and set dresser

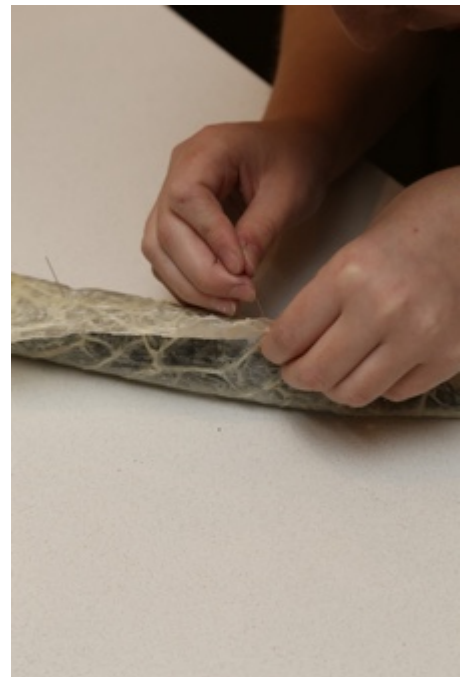

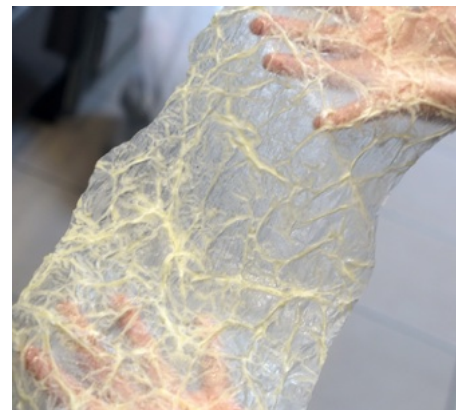

## Brute - Short Film

Created a flexible snake-like alien puppet

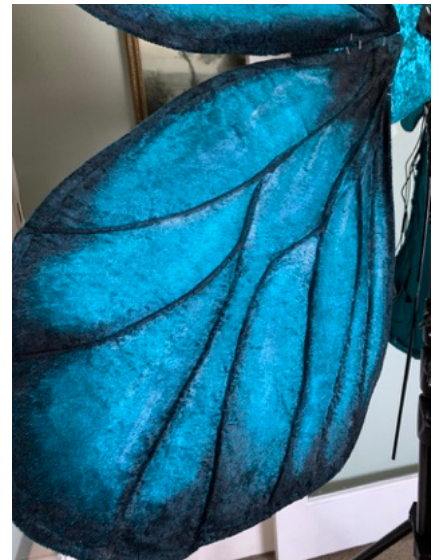

Puppeteered it on set, making it move and slither across the ground

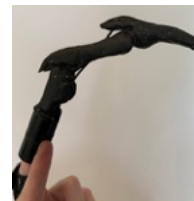

## It Happened Again - Short Film

Created human sized butterfly wings with an iridescent effect  
Mounted on a large moveable hinge which enabled it to flutter

## Ana - Short Film

Used SFX makeup to create elongated monster fingers with added claw-like nails  
Created moveable finger extensions for creature hands

## Westar 20 Blast Gun - Prop

A prop painted and finished from a 3D print

## Props

Small props i have made for a varitey of projects
