Profile

I am a Melbourne-based Hair, Makeup and Special Effects Artist with skills in prosthetics, character creation, hair styling, and theatrical makeup. With a background in music, dance, and theatre, I have a strong understanding of performance environments and the role hair and makeup play in visual storytelling.

Completing my Certificate III in Hairdressing, I have expanded my technical capabilities across hair design, styling, and client services while continuing to develop my work in theatre, film, and live performance. I have a keen eye for detail and take pride in creating polished, character driven looks that support the creative vision.

I thrive in fast paced production environments and enjoy working closely with cast, crew, and creative teams. I am passionate about continuing to grow within the theatre industry and contributing my craftsmanship, professionalism, and creativity.
